Dear Sir

I want you to keep those Cherry
and walnut trees for me. I
will send John up in a few th
days to see about them.
I would have sent him up some
time ago but the weather has
been so bad, and besides the
river has been frozen up so
I could not have gotten it
across ~~the~~ any how. I want you
to let me have that big Poplar
tree that stands by the ferry.

Yours &c

J. (W. H. Atkins)
