1883

Luben Gunn
Lynchmount W. Va

Dear Sir your letter with
Matwells received you must make sorry must
ask in your figuring I figured the interest from
the time the note was due till the time the
62⁵⁰ of credit was placed on the note. but
to take it your way there is more interest
than that I will give you a statement
your way.

one note of 200 was due Aug 26th 1881
on that note there would be 2 years & one month
interest which at 6% would be \$25.00 then the
other note is due six months later which would
be February 26th 1882. on that note one
hundred dollars of it the interest for 19 months
would be \$9.00 this would make 34.50 of interest
to the 26th of Sept 1883. The principal of the
note is \$387⁵⁰ add to that 34.50 + 60⁰⁰ and
you find it amounts to \$432⁰⁰ for which I

enclose you another note we don't
want lumber as the Croftings Co will
not take lumber for this part. either send
the note by return mail or if you
can raise the money you can get a
good discount on your paper let us
hear from you at once I oblige
your truly
Walter Mfg Co
